# GIVE BACK PROGRAM

---

Going Global has partnered with Wings of Hope to make it their mission to pick someone before they leave the mission field to give back to.

In 2023, Wings of Hope will be looking for help to support projects that will give back to the communities we encounter on the mission field. If you feel led to help in any way, speak with your trip Team Leader on how you can partner with this objective.

Here are some of the projects that we've been able to complete in the past.

## 01

### Impact in Honduras

We built a home for a woman who had lived her whole life in a tin shanty. We paid for her to have electricity, and built her a bathroom.

## 02

### Impact in Zimbabwe

An elderly woman, who was living in a cardboard box, was given a place to stay because of Wings of Hope.

## 03

### Feeding program in Marondera

We held a 2-day feeding program in the rural community of Marondera, Africa

## 04

### Eye Surgery

A seven year old in Africa was able to have eye surgery due to the generosity of Wings of Hope. Without it, he would have been blind.
