OUR WORK

Going Global is dedicated to providing medical and dental care wherever we go!

In Honduras, we make it our mission to see as many people as possible, and to provide them with free basic medical and dental care.

Throughout the years, we have taken numerous teams that have assisted in feeding programs and various building projects, and sharing the love of Jesus!

MORAZAN MISSIONS HOUSE

The newly constructed Mission House will provide a safe and secure space for our Teams while serving in the local community.

Construction began in 2020 and was completed in 2023. Located on the top of a mountain in Morazán, it is within walking distance of Mosaic Church Honduras.

The Mission House is a 3400sq ft. space with the capacity to comfortably host 20-25 missionaries. The amenities include; clean water, electricity, AC, fully furnished rooms, a full functional kitchen, WI-FI, security cameras, and a security alarm system.

This will be a resource for future Going Global Teams, and the community in Morazan for generations to come.

Mission House located in Morazan, Honduras.

COST BREAKDOWN

At Going Global, we are committed to keeping our trip costs as low as possible so that more people can join with us as we empower the powerless and give identity to the faceless!

AREAS OF IMPACT & FOCUS

Going Global is a non-profit organization whose mission is to empower the powerless and give identity to the faceless. For more than a decade, Going Global has been endeavoring to help change lives one project at a time. What began as a simple project to help a small farm in Zimbabwe raise money for an irrigation system, has grown into a global effort. Going Global has active projects in several nations, as well as locally in the US. Whether it's a Medical and Dental Clinic, a fresh water well, a farming project, a feeding center, or a self-sustaining project - we can only accomplish the mission and vision of Going Global together.

01 Fresh Water Wells

We are drilling fresh water wells in communities where access to water is scarce.

02 Self-Sustaining Projects

Through farming projects, irrigations systems, chicken runs, and food distribution programs, we are providing income and work for whole communities.

03 Mission Teams

Each Year we send dozens of team members locally and internationally to help us make a larger impact.

04 Free Medical and Dental Care

We are providing medical and dental care with clinics and mobile clinics into remote areas of the bush. We have established a brick and mortar medical and dental clinic in Harare, Zimbabwe.

05 Church Planting

We believe that the local church is the hope of the world. We are determined to meet physical needs by first meeting spiritual needs.

I, the undersigned, understand I will be traveling to a foreign country or countries and participating in various mission activities which are sponsored or facilitated, in whole or in part, by Going Global, Inc. non-profit corporations.

In consideration of my participation in said mission activities and as the recipient of benefits flowing from Going Global, Inc. as a sponsor and facilitator, and of other good and valuable consideration, I do hereby release, discharge, and agree to hold harmless Going Global, Inc. its directors, officers, members, administrators, employees, and/or other individuals associated with Going Global, Inc. from any and all liability, claims, demands or actions which may accrue as a result of any injury, whether accidental or otherwise, illness, or other loss which I may sustain as a result of participation in any of said mission travel, recreation or other trip activities. This release covers activities in any country. It covers activities involving travel: (1) to and from those countries; (2) to and from mission activity sites; (3) to and from various locales visited during the mission trip by any mode of transportation.

I further agree that I will not institute any action or suit at law, or in equity, against Going Global, Inc., its directors, officers, members, administrators, employees, and/or other individuals associated with Going Global, Inc., and I will not institute, prosecute, or in any way aid in the damages, costs, loss of services expenses or compensation for or on account of any alleged damage, loss, injury, health problem, disease or illness to any person or property, resulting from my participation in mission activities sponsored or facilitated by Going Global, Inc..

I understand and acknowledge that travel to, from, and within foreign countries involves unique hazards and risks not usually encountered when traveling within the United States. I understand that these unique risks and hazards may be related to exposure to environmental conditions, such as extreme weather, sanitation, animals, insects, or disease. I understand and acknowledge that I may be exposed to native food and drink that could increase the risk of a medical situation due to allergies or other pre-existing conditions.

LEGAL RELEASE CONT'D

I am not aware of any medical conditions that may heighten risks I encounter while participating in and/or traveling to mission activities on the mission trip. If I do suffer from such conditions, I have informed my Team Captains and Going Global, Inc. of these conditions. Furthermore, I have discussed any such conditions with my physician, as they relate to and/or impact my service during this trip.

I authorize Going Global, Inc. team leaders to use or disclose the medical information I have provided, deemed necessary in case of any emergency.

I acknowledge that my medical insurance is my primary coverage, and it is my responsibility to ensure that said insurance will cover possible medical needs, including pre-existing conditions, during my trip. This includes but is not limited to: medical treatment in a foreign country, medical treatment in a foreign health care facility, medical evacuation, and follow up or additional treatment upon my return to the United States. I understand and acknowledge that should a medical emergency arise during my trip, access to and treatment at a medical facility may be limited, and treatment I may receive may not be provided at levels found within the United States.

I understand and acknowledge that the nature of Going Global, Inc. mission trip to a foreign country may expose me to health conditions and/or illness or disease that may impact my health or cause harm while on the trip or after my return, and it is my responsibility to take necessary precautions such as vaccination, medication, or other preventative measures.

I understand and acknowledge that during travel to and from the trip, and while participating in activities on the field, I may experience stressful, difficult, and/or hazardous situations that could necessitate that I take additional precautions related to any pre-existing medical condition I may have.

I have taken the necessary steps to ensure that I can travel to and from the destination without legal restraint.

I have taken the necessary steps to ensure that any required professional documents or other certifications that are required for me to perform licensed or regulated activities in the medical, dental or other related professional fields have been provided to Going Global, Inc. I understand and agree that my service as a medical or dental professional may be regulated by government agencies in foreign countries. I agree to follow the requirements and guidelines set forth by Going Global, Inc. while serving on the mission field in a professional capacity to adhere to said regulations.

I understand and have been informed of the risks and hazards involved in participation and service on a foreign mission trip, and I willing to accept those risks.
